AREA NOTICE · ALASKA · STATEWIDE

Statewide fire restrictions

Fire danger is rated daily. When restrictions are in effect, they apply to every BWL permit area in Alaska.

- Stage 1: no campfires outside fire rings. Chainsaws need a spark arrester, a shovel and an extinguisher.
- Stage 2: no chainsaws from 1 p.m. to 1 a.m., and no smoking except in a vehicle.
- Closure: no wood cutting. Your permit stays valid but cannot be used until the closure ends.

Sample document for the demonstration site. It is not an official notice and is not for navigation.
