AREA NOTICE · OREGON · STATEWIDE

Oregon seasonal road guidance

Oregon offices may close areas during wet weather to protect roads and soils.

- Gated roads close from November 1 to May 15 or when ruts form.
- Do not drive on roads where your tires leave ruts deeper than 2 inches.
- Check closures before each trip; they change with the weather.

Sample document for the demonstration site. It is not an official notice and is not for navigation.
